Commencing Monday, June 27th.

With this object in view we have gone through the different departments and have app'ied the knife unsparingly, cutting and hewing deeper than usual where necessary. The list below are only a few of the many bargains taken from the different departments;

beyond the reach of a great many who would appreciate the ownership of an article of this character because of the fact that under present methods of doing business this ownership requires an outlay of a fairly large sum of money.

Our system of doing business does away with this and allows you to purchase a watch, diamond ring or other piece of jewelry and arrange so that you can pay for same in small weekly or monthly payments, thus doing away with the necessity of paying a large sum at once.

We deliver the watch, ring or anything you want on the first payment and you pay the balance weekly or monthly as agreed,

If this interests you write us and we will explain our plan more fully and send you our Price, 84.00 illustrated price list. We sell for cash also and you will find our prices lower than any of your local jewelers for the reason that our business extends all over the Dominion and the one staff of clerks, one store rent does for all, and we do not tax the local buyer to pay our entire expense account as your local jeweler \$2.50 does.

This range is placed on the market to meet the demand for a moderate priced and thoroughly efficient gas stove. It is made with either two or three top burners, and a large oren, with drop door, which acts as a shelf, on which roasts, cakes, pies, etc., may be drawn out. The oven is a perfect baker and roaster, evenly and quickly heated.

This range, though very compact, is quite big enough to cook a considerable sized dinner, and will do it as well as the most expensive gas range

The Oxford Gem Gas Range is very handsome in appearance, durable and eco-nomical.

That the low prices on the most desirable lines of HOT WEATHER GOODS has created a sensation among the ladies of Napanes and surrounding country has been amply attested by the crowds in daily attendance. No wonder, such beautiful, light, soft, airy creations; so suggestive of cool brezzes and the ripple of running water. The very thought of muslin is refreshing these hot days. AN OPENING OF THE GLOAK AND SUIT SECTION

A beautiful display of Fall garments, which are made in the very latest and most advanced styles, of rich material, perfectly constructed and elegantly fluished. For the benefit of our many lady customers and shoppers in general, we think a perusal of this list of new arrivals will prove an interesting preliminary to a visit to this store. There are:

Suits and Costumes, Coats and Raincoats. Dress and Walking-Skirts, Silk Waists and Petticoats, Dressing Gowns and Kimonas, Misses' Coats and Ulsters, Misses' Skirts and Raincoats.

Children's Coate and Ulsters, Fur Jackets and Neck Ruffs. Caperines and Storm Collars, Muffs, Caps and Gauntlets.

The privilege to inspect, to admire and to criticize these beautiful garments is yours, as is also the opportunity this Opening affords you to become real leaders of fashion.

NEW FRENCH FLANNEL WAISTINGS

PICK YOUR PATTERN PROMPILY.

None know better than we who sell, how much disappointment is wrought each season by the neglect one who would dress becomingly, to pick their patterns prompily. They let the design and shade harticularly suit them, go to some one else and then they find it can't be duplicated. In a matter of most better is nothing like making a choice at once. The extent of the colorings and designs is too to permit a written description. Prizes per yard—joe, 4,76, 507, 600. 456 and 750.

More New Dress Goods Visitors to the store are saked , make a note of the following cloth, and to be sure of seeing it when

they come.

OUR SPECIAL AUSTRIAN BROADCLOTH in a full and new range of all the latest colros, including light, mid and dark navy, dark myrite, pearl grey, reseds, fawos, tobac, cinnamol and brown, also
black, per yard \$1.00, \$1.30 and \$1.50.

Saturday's Corsei

Here is a corset event to bring you down town bright and early Saturday morning. The head of the Corset Department in re-arranging her corset stock decided to clear out a number of odd lines. It will be economy on your part to provide yourself with a pair of these corsets, all this season's lines and made by the best makers. The prices run as follows :
